

BASKETBALL WORLD™

Shooting & Offensive Skills Clinic

Improve Shooting, Passing, Dribbling ... And Much More!

1. Learn the breakthrough mental training techniques of positive self-talk, relaxation, visualization, concentration and goal setting that enhance confidence.
2. Improve shooting by developing a better understanding of your shot - the "feel" and reaction of the ball on the rim. Receive slight adjustments in individual shooting mechanics and learn key words that improve confidence, rhythm and range.
3. Improve dribbling and passing skills.
4. Improve shooting off the dribble and the ability to penetrate and score.
5. Learn how to move without the ball: give and go, backdoor, front cut and flash.
